More details at: www.jdrfmichiganeast.org

Organized and sponsored by JDRF
Co-sponsored by: Michigan Coordinating Body of AADE (formerly MODE), The Michigan Chapter of the American Association of Clinical Endocrinologists (AACE), The National Kidney Foundation of Michigan (NKFM), and the Diabetes Partners in Action Coalition (DPAC).
Living with Diabetes: A Family Day of Inspiration, Hope, and Education

JDRF is the leading global organization focused on type 1 diabetes (T1D) research. The goal of JDRF is to improve the lives of every person affected by T1D through accelerating progress on the most promising opportunities for curing, better treating, and preventing this disease. Since our founding in 1970, JDRF has awarded more than $1.8 billion to T1D research which is driving tremendous scientific progress and technological advancements.

As an attendee at this year’s JDRF Diabetes Today and Tomorrow Conference and Exhibits, you will hear from leading scientists and medical experts on the newest research updates and the latest treatment advances. You will be able to visit with our industry partners to see the most up-to-date technology and tools dedicated to helping you live better, healthier lives with diabetes.

JDRF Kids Camp will once again host children with T1D ages 5-12 for a fun-filled day while learning the importance of diabetes self-management under the guidance and watchful eye of our trained JDRF Kids Camp medical personnel and volunteers. New for this year: invite your sibling or BFF to attend with you!

JDRF Teen Central is back! This cool ‘hang out’ for youth with T1D ages 13-19 will offer opportunities to learn the latest in diabetes-related technology, share stories and experiences with peers, ask questions and trade tips on managing T1D through the teenage years. JDRF Teen Central is directed by medical personnel and trained volunteers. New for this year: invite your sibling or BFF to attend with you!

You won’t find a more complete, comprehensive diabetes education program in the country than the JDRF Diabetes Today and Tomorrow Conference and Exhibits. Join us, our conference planning committee, and our community partners on Saturday, May 10th, for a day of Inspiration, Hope, and Education!

Regards,

CLOSING REMARKS
Drawing for two iPads, Courtesy of Solara Medical Supply: Must be present to win!
JDRF KIDS CAMP
Developed for kids ages 5-12 with type 1 diabetes, the JDRF Kids Camp will offer fun activities and educational programming designed to provide an enriching experience in diabetes self-management. A supervised environment led by Beth Cook, RD, Diabetes Program Coordinator, Aspirus Keweenaw Hospital, Laurium, MI; and Cassie Bunker, RN, BSN, Children’s Hospital of Michigan; staffed with trained volunteers and healthcare professionals, the JDRF Kids Camp provides your child with joyful interaction with kids experiencing similar life challenges.
We have special activities planned throughout the day, including a special arts & crafts project; a fun fitness workout; “Archeological Adventures” with Seth DePasqual, Cultural Resource Manager, Isle Royale National Park, Houghton, MI; special drop-in speakers; and a magic show!
New this year: invite your sibling or BFF to attend with you!
JDRF Kids Camp Planning Committee: Cassie Bunker, RN, BSN, Children’s Hospital of Michigan; Carolyn Wolf, RD, CDE, Senior Clinical Manager, Animas Corporation, Johnson & Johnson Company; and Shari Navetta, parent of child with T1D.

JDRF TEEN CENTRAL
Being a teenager is hard enough, throw type 1 diabetes into the mix - and you’ve got a lot of explaining to do! Diabetes self-management is more than simply taking the necessary steps to control blood sugars and keep the A1C in target range – it’s about having a support system, sharing experiences, empathizing with emotional challenges, and setting good examples. This program involves special guests, panel discussions, and hands-on experience with Tyler Koronich, Owner/Trainer: TruFit Fitness Studios; Howell and South Lyon, MI; a Scavenger Hunt, Shutterbooth, Karaoke and more!
New this year: invite your sibling or BFF to attend with you!
JDRF Teen Central Planning Committee: Children’s Hospital of Michigan- Colleen Buggs-Saxton, MD, PhD, Colette Serpetti, RN, BSN, Melina Reid, RN, BSN, Christine Skouberdis Smith, RD, and Amy Ohmer, parent of two children with T1D.

JDRF TODAY AND TOMORROW – Informed, Involved and Caring
Find out more about how you and your family can become involved with JDRF in 2014. Stop by our display table to gather information about fundraising programs, our extensive patient education and support activities, and JDRF funded research.

LODGING
A block of rooms is being held at the Detroit Metro Airport Marriott, 30559 Flynn Drive, Romulus, Michigan at a reduced rate of $90/night for a double or king. If you require lodging, please make your reservation on or before Friday, May 2. Reservations can be made by calling the Marriott at 800-228-9290 or 734-729-7555. Mention you are with JDRF to receive the reduced rate.
Note: JDRF cannot guarantee room availability after the reservation deadline listed above.

REGISTRATION
Registration is available online only and advance registration is required. Please register online at www.michiganeast.jdrf.org. Unfortunately, we are unable to accept phone, mail, or fax registrations. Every person attending the conference, JDRF Kids Camp, or JDRF Teen Central, must be listed on the registration form. Those not listed may be denied access to the conference due to space constraints.

Note: Due to space constraints, attendance is limited to persons with diabetes and one or two immediate family members only. Seating will be available on a first come, first served basis. Members of the medical and scientific community are welcome to attend.

Questions regarding this conference should be directed to 517-899-2251 or email: dpentescu@jdrf.org.

Registration Deadline: Monday, May 5, 2014
